Spring Meadows is a state-of-the-art, secure facility having a gym, workout equipment and an on-campus school under the direction of the Bullitt County Public Schools. Staff are trained in trauma-informed care designed to address the needs of adolescent males requiring residential treatment services such as individual, family, and group therapy, substance abuse counseling, life skills training, psycho educational and social skills groups as well as activity-based learning. Our philosophy of care is based on a trauma recovery model that helps clients work through their issues by developing healthy, supportive, and trusting relationships with our mentoring staff. Through this model we address underlying attachment issues and emphasize restoration of relationships so that clients can achieve growth and success. Sunrise's continuum of care provides the opportunity for youth to step down to less restrictive placement options including Sunrise Foster Care or Adoption Care.

**Included/Excluded Populations****Gender Accepted:** Male **Age Range Accepted:** 12 to 18 **LOC Range Accepted:** 4 to 5 **Minumum IQ Accepted:** 65**Client Populations that are Absolutely Excluded**

None

**Describe How the Program Supports Family Connections**

Clients with family connections are encouraged to call or write their families regularly. Family connections are also supported through individual and family therapy sessions. Family members are invited to attend monthly treatment team meetings and are encouraged to be involved in all aspects of the client's treatment.

**Special Interventions Available Internally**

The school utilizes individual learning packets to help restore clients to expected grade levels as well as provides opportunities for traditional classroom learning. In addition to the individual and group therapeutic services, Spring Meadows offers psycho-educational groups: Anger Management Group provides clients with methods for identifying anger triggers, responses, and constructive choices in expressing anger. Independent Life Skills Group for clients over age 16 provides CPR and First Aid certification and other life skills. Seven Challenges® Group is available for clients that have completed an intensive drug treatment program and scored in the critical range on the SASSI™ upon intake. Parenting Group helps clients attain skills in parenting and relationship building. Clients also participate in learning-based activities such as, music with the keyboard or guitar, wood and leather working, sports, service projects, and optional cultural, recreational, spiritual opportunities.

Description of how the program exceeds licensure ratios
